REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 14, 17, 30 the prior arts fail to teach or fairly suggest a transmitter or method for use in an OFDM based transmission system, the transmitter comprising:

a differential encoder that generates a corresponding encoded output symbol from a corresponding input symbol to the transmitter, the differential encoder including a multiplier for multiplying the input symbol with a prescribed previous output symbol from the differential encoder;

wherein the phase values of the transmitter output data symbols are not required to be transmitted to a remote receiver for the receiver to generate received version for the input symbols corresponding to the transmitter output data symbol, in combination with other limitations as specified in the independent claims 1, 14, 17, 30.
